

Soils / Hazardous Waste Proficiency Testing

Upgrade to Convenient
Studies, Quality
Standards, and
Unmatched Service

Dependable, Convenient Soil/HW PT Standards

Upgrade Your Soil/HW Testing

- Receive realistic standards in a matrix representative of your routine soil samples
- Order standards with compounds often not on other providers' lists
- Meet domestic and international accreditation requirements
- Find standards with analytes for all of your state-specific or TNI accreditation requirements

Find studies at
www.phenova.com/soils

Phenova PT Guarantee

If your lab receives a Not Acceptable result in a Phenova PT Study and cannot pinpoint the issue, contact our technical support group. We will guide you through the most effective corrective action process and, if necessary, we will provide a FREE Phenova QC Standard to help get you back on track!

The Phenova™ Promise in Action for Soils/HW Studies

At Phenova, we make a 3-part promise to you, our customers. These core principles drive our entire business, from manufacturing to our personalized technical support and innovative resources.

Your Accreditation is Our Priority

All Phenova Soil/HW standards are compliant with EPA, TNI and/or state specific criteria. TCLP standards include RCRA specified analytes.

Depend on our Phenova PT Guarantee, so you can get corrective action guidance and, if needed, you'll even receive a FREE QC Standard

Making Your Job Easy is Our Passion

You will receive your Phenova Soil/HW PT standards as 100% dry weight standards, so percent moisture analysis is not required.

Most Soil/HW standards are provided as 30 g standards in sufficient amounts for at least two methods, unless otherwise noted.

Saving You Money Is Our Goal

In addition to saving time with these convenient standards, your lab can also decrease costs by switching to Phenova Soil/HW PT standards.

Quality Products Backed by Decades of Experience

You depend on the products we provide to accurately and efficiently perform your analyses. As a testament to our commitment to your satisfaction, we hold our products to the most stringent quality requirements.

Phenova CRMs are manufactured by Phenova, Inc., which is accredited to:

ISO Guide 34:2009

General requirements for the competence of reference material producers.

A2LA Cert No. 2427.02

ISO/IEC 17025:2005

General requirements for the competence of testing and calibration laboratories.

A2LA Cert No. 2427.03

ISO/IEC 17043:2010

Conformity assessment – General requirements for proficiency testing.

A2LA Cert No. 2427.01

TNI EL-V3-2009

General requirement for environmental proficiency testing providers.

A2LA Cert No. 2427.01

Chemical Testing Laboratory
Certificate No. 2427.03

Reference Material Producer
Certificate No. 2427.02
